#### **Who is eligible to ride?**

You must be at least 60 years old or a disabled adult, and be a resident of a participating community or organization.

#### **How do I register?**

The STC will need some specific information in order to register you as an eligible rider. We will need your name, address, phone number, emergency contact person, physician's name and phone number and other important information. A registration form can be mailed to you, or you can pick one up from your community senior center. If time does not allow for mailing you can register over the phone. Some communities may require you to be pre-approved by them before registering.

#### **Where can I travel?**

Each participating community has a defined service area that includes some neighboring cities. Some further distances are allowed for medical purposes only or upon availability. Trips are based on availability with medical appointments always receiving priority scheduling. Restrictions apply for anyone receiving anesthesia or other outpatient surgeries.

#### **How much does it cost?**

Rates differ in each community. You will be informed of the fare when you schedule your trip. Driver will collect fares on board for each direction of your trip. Passengers must have exact change.

#### **What kinds of services are provided?**

Door-to-door service is provided. If additional assistance is needed, a Personal Care Aide may accompany the rider (minimal charges may apply.) They must also be registered with STC. If you use a mobility aide (*wheelchair, walker, etc.*) please let us know.
