Address: \_\_\_\_\_

**Email (required):** \_\_\_\_\_

Home Phone: \_\_\_\_\_ Cell Phone: \_\_\_\_\_

Are you a returning gardener?     Yes     No

What's your level of gardening experience?     Low     Mid     High

Plot Request:    If returning gardener....     prefer 2018 plot     no preference

Garden plots assignments will be made by staff. Returning gardeners have first option to return to last year's location if desired. Plots are 4' by 8' (32 square feet).

The City of North Olmsted welcomes gardeners to contribute a portion of their garden proceeds to the City's Oxcart Pantry! However, donations are not required to participate in gardening.

*Garden plots are free of charge. Gardeners are responsible for cultivating, weeding, harvesting and watering their own plots. They are also responsible for care and weeding of the path areas that surrounds their plot. Plots that appear to be abandoned may be subject to reassignment. Gardeners will be expected to follow North Olmsted Community Garden Guidelines and sign a release of claims (separate form). The City of North Olmsted will provide the land, tools, water, framing and fencing. Plants and/or seeds must be obtained by the gardener. You will be notified prior to the garden's opening if your application is accepted. If there are more applicants than plots we will establish a wait list.*
